## TOURNAMENT ACADEMY (INVITE ONLY)

TA Elite players are year-round committed athletes who are seeking the highest level of competition available to them. This program has the highest expectations of intensity, discipline, and commitment. Each player should already have developed their own personal playing style and will be looked to improve upon these areas in this class. Sessions include physical activation and development, intense drills, patterns of play, and game based drills with serves and returns. Players should be training a minimum of 8 hours a week and regularly competing in tennis tournaments
